Zwerfvuil op het strand

Zwerfvuil op het strand

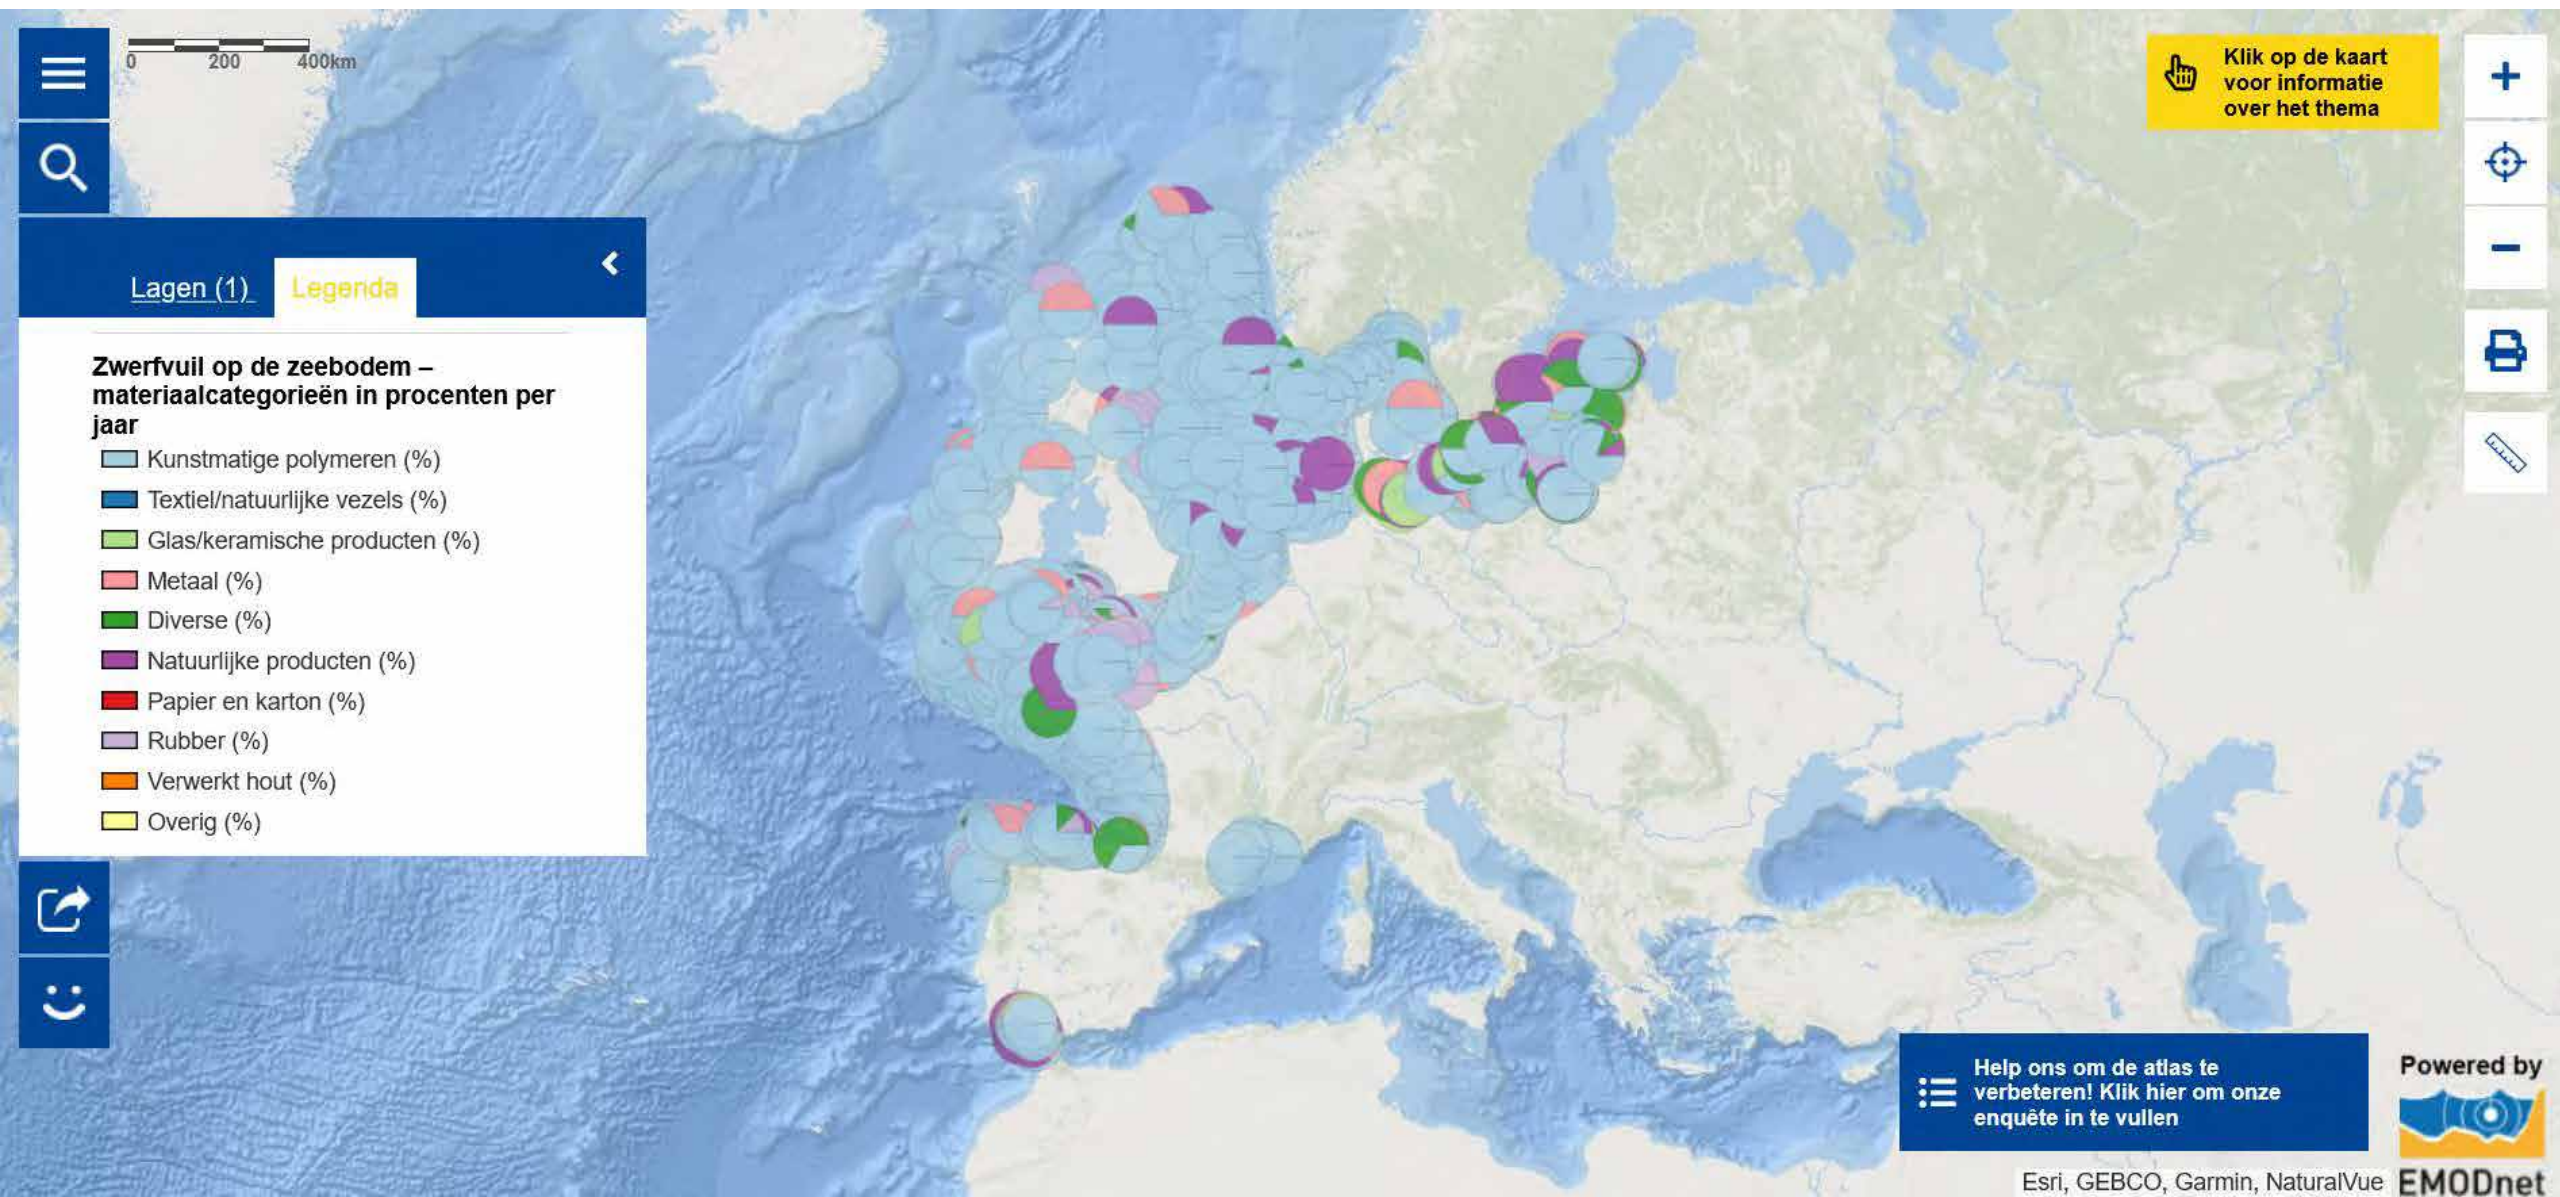

... en op de zeebodem

Het ontbreken van gegevens voor sommige gebieden betekent niet dat deze vrij van zwerfvuil zijn.

... en op de zeebodem

Samenwerken: #EUBeachCleanup

The screenshot displays a web-based map of Europe with numerous icons representing beach cleanup events. A sidebar on the left contains a menu, a search bar, and a legend titled 'Strandschoonmaakacties' (Beach Cleanup Activities). The legend indicates that orange icons represent events from 2018 and blue icons represent events from 2019. A scale bar at the top left shows distances up to 400 km. On the right side, a pop-up window titled 'Strandschoonmaakacties (1 of 3)' provides details for a specific event. The event photo shows a group of people holding a large European Union flag on a beach. The details listed are: Country: Belgium, City or beach: Blankenberge, Date: 25/03/2018, and Collected waste: 5000 kg. At the bottom right, there is a call to action to help improve the atlas by clicking a link to fill out a survey, and logos for Esri, GEBCO, Garmin, NaturalVue, the European Union, and EMODnet.

0 200 400km

Lagen (1) **Legenda**

Strandschoonmaakacties

- Evenementen in 2018
